Dit is de omschrijving

Tens of thousands of youngsters from all over the world will gather in West-Virginia in the United States of America (USA). This special mass gathering creates specific circumstances, which increase the risk of outbreaks.

VACCINATIONS

The following vaccinations are recommended for this event:

- [Standard vaccinations, based on age](#)
 - Measles-mumps-rubella
 - Tetanus, diphtheria, pertussis (whooping cough), polio
 - Hepatitis B
- Additional vaccinations due to the specific circumstances (usually not recommended for travel to the USA)
 - Meningitis ACWY
 - Hepatitis A

OTHER RECOMMENDATIONS

- Implement [mosquito-repellent measures](#) to protect against [West Nile virus](#).
- Pay attention to hand hygiene, due to an increased risk of gastro-intestinal infections at mass gatherings. Always wash your hands after going to the toilet and before eating. If this is not possible, use alcohol-based hand sanitizer.
- Bring condoms with you.
- Keep your distance from wild animals: they could have rabies.
