Dit is de omschrijving

ITM does not perform COVID-19 screenings.

Do you have any symptoms that may indicate COVID-19 (fever, cough and/or shortness of breath)?

- If you have a scheduled appointment, do not come to the Institute of Tropical Medicine but call your GP and cancel or move your appointment.
- If you do not have a scheduled appointment, do not come to the Institute of Tropical Medicine but call your GP.
- Consider postponing the making of new appointments as much as possible.

For more information we refer you to the [Belgian guidelines for COVID-19](#).
