Dit is de omschrijving

We would like to invite you to a benefit concert by the ITM choir, conducted by An Janssens.

With the proceeds hope to raise enough money for a donation to "Een hart voor vluchtelingen", a non-profit organisation for refugees, working in Ghent and we will install a new second-hand piano at ITM.

One of the driving forces behind this charity is Lucie Blondé, ITM doctor and former choir member.

You commit to a donation, we commit to giving you a nice evening of world music. Afterwards, you are welcome to stay at the reception and meet old and new acquaintances.
