24-25 Mar 2017

Elzenveld Conference & Seminar Center - Antwerp

Booking recommended

Dit is de omschrijving

In March the Medical Services of ITM invite their European colleagues, doctors and professors to Antwerp for the 18th TropNet Workshop. [TropNet](#) is a scientific society of European specialists of travel medicine and tropical pathology. Currently the association has over [50 members](#) from some 13 European countries, ranging from Scandinavia to southern Europe. TropNet is a forum for the exchange of clinical and epidemiological information on import pathology. TropNet also initiates and coordinates clinical studies on certain tropical and infectious diseases, and conducts research on the quality of guidelines for diagnosis and treatment of imported infectious diseases.
